AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions and listings of claims in the

application:

LISTING OF CLAIMS:

(previously presented): A nitride semiconductor substrate comprising:

a group III nitride semiconductor substrate;

a mask formed over the group III nitride semiconductor substrate; and

a group III nitride semiconductor multilayer film formed above the mask,

wherein the group III nitride semiconductor substrate has a dislocation density in the

vicinity of the surface thereof of 1 × 10⁷/cm² or less, and

the mask has a polycrystalline material deposited on the surface thereof.

2. (original): The nitride semiconductor substrate according to Claim 1, wherein the

polycrystalline material is formed from a material containing aluminum and nitrogen as essential

elements.

3. (original): The nitride semiconductor substrate according to Claim 1, wherein voids

are formed on the surface of the mask having the polycrystalline material.

4. (original): The nitride semiconductor substrate according to Claim 1, wherein the

mask is provided on the surface of the group III nitride semiconductor substrate.
